Francisca Adrian
Red Rock Recreation Trails Lead
PO Box 20429
Sedona, AZ 86341

Dear Ms Adrian:

The Lake Montezuma Property Owners Association supports the proposed Montezuma Crossing Trail which will link both sides of Rimrock/Lake Montezuma across Wet Beaver Creek. This is an exciting project which will connect the split community and also link to the popular Montezuma Well National Monument Park.

We appreciate Coconino National Forest and the Red Rock Ranger District for this opportunity to comment on and support the Montezuma Crossing proposal which will provide local residents with recreation and health benefits.

Sincerely,

Janet Aniol, president
