Petition to Stop Bowhunting in the Lake Montezuma & Rimrock Areas

Petition summary and background	Bowhunting in Lake Montezuma and Rimrock is endangering the health, safety and quality of life for our residents. Many parcels are zoned R-10, R-12, R-15 and R-18 which makes it difficult to post no trespassing in sufficient quantities to protect neighborhoods.
Action petitioned for	We, the undersigned, are concerned citizens who urge our leaders to act now to remove our communities from Unit 6A or to apply the same distance standards from structures and building as applies to shooting guns.
